

**IN THE ABSTRACT**

Replace the abstract originally provided on the cover sheet of the PCT application with the new abstract as follows: A new abstract numbered page 22 is enclosed for the last page of the application following the claims.

**ABSTRACT OF THE DISCLOSURE**

In order to ensure secure communication over a wireless network, such as a network according to the 802.11 standard, the terminals in the network exchange information ciphered by means of at least one key. The key is generated independently at each terminal by means of the group key agreement type.
